

DEDICATION TO COURAGE

Fight on! Fight on! ye Englishman
Carry on your battle for life,
Remember that the day will come
When ye may use the knife.

Thy enemies ye have learned to
hate

Their methods are the blackest yet,
They kill the innocent; slaughter
the young

Their religion beliveth only in
death.

Led by a beast they conquered all
Until their souls were glutted with
blood

Of Pole and Dane, of Norwegian
and Dutch

Of Belgian and French. And then
thought they

The battle is over, tyranny has won,
But they forgot ye Englishmen.

Yea, they forgot ye Englishmen
Nelson, Drake and Wellington
Forgot the mighty Navy rules,
Forgot the gallant Airforce wins
But most of all, forgot the daunt-
less courage;

That has made, ye Englishmen.

There will come a day not far
ahead
When they that sew death shall
reap it

And their foul deeds be written
down in red

Because they tried to rule that
gallant English blood.

We who fight with thee
Know that thou shalt win

In name we're Scots, Welsh,
Canadian

At heart we're Englishmen

By R. B. Clarke.

"In this strange, terrible World War there is a place for every one, man and woman, old and young, hale and halt. Service in a thousand forms is open.

"There is no room now for the delectante, for the weakling, for the shirker or the sluggard. The mine, the factory, the dockyard, the salt sea waves, the fields to till, the home, the hospital, the chair of the scientist, the pulpit of the preacher—from the highest to the humblest, the tasks are all of equal honour. All have their part to play."

—Winston Churchill.

LET'S KEEP OUR CANADA *a happy land for them*

PINKY-WHITE DIMPLES; a button of a nose; wee, slender fingers clutching at your coverlet—what kind of a world is this to which you will awake?

Your life, we hope, will be rich in love and laughter. God forbid that your Canada should ever come under the heel of a ruthless barbarism, where babies are born to be the future shock troops, or the mothers of a brutal, military race.

We promise that you shall inherit a Canada blessed with the liberty our fathers bequeathed to us. You shall be free as we are free.

So we gladly lend our money to our country in this crisis. We will buy Victory Bonds to the very limit. We must and we will make sure that the threat of a brutal way of life is banished forever.

HOW TO BUY—Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

Cereal Variety Recommendations

No less than eight varieties of wheat are officially recommended in the prairie provinces. Due to the striking differences in soil and climate found in various regions, it is natural that some varieties should be particularly well adapted to certain regions. Each year standard and new varieties are tested at widely separated points. Hundreds of such tests are conducted, and the results carefully examined by provincial cereal variety selection committees.

On the basis of experimental results, official recommendations are published; and these are distributed to all grain buyers of the elevator companies associated with the Agricultural Department of the West Line Elevators Association. Recommendations respecting oats, barley and flax are also included.

In order to achieve the best results in grain production, the farmer must be sure to grow the variety best suited to his local conditions, and he must have reasonably pure seed which will germinate and grow vigorously.

Crop Improvement Associations are now functioning in each of the three prairie provinces and through them the country elevator grain buyer becomes the recognized distributor of registered and certified cereal seeds. He will be glad to advise respecting recommended varieties, and will place seed orders with the Crop Improvement Association.

Several new varieties of oats and barley have been released during the past few years. The emphasis now placed on livestock products justifies more attention to securing the best varieties of coarse grains. Also, the Government is asking for more and more flax.

Sow only good seed of a good variety.

We Must Win . . .

**WE
SHALL
WIN!**

Today . . . the free peoples of the world are banded together in a gigantic battle to preserve freedom. The foes of freedom are strong, well prepared, ruthless.

To defeat them we must become stronger, better prepared. The only way we can do this is to provide our fighting forces with stronger weapons, better weapons—and more of them!

That's the reason Canada is borrowing money . . . and that's the reason why you should lend your money to Canada.

So let's "beat the life out of the savage Nazis" by investing in the new Victory Bonds to the full limit of our ability.
